

## Press Release:

# Over 120,000 Worcestershire Parish Records Released

**123,255 individuals** recorded in **Worcestershire Parish Records** have just been released by [TheGenealogist](https://www.thegenealogist.com) in time for **The Family History Show, Midlands** on Saturday 16th March 2023.

This welcome addition to TheGenealogist's growing collection of **parish records** includes transcripts of early entries stretching back to Tudor times. Family historians with ancestors from this English county now have the chance to go as **far back as 1538** – a time when Henry VIII had recently become the Supreme Head of the Church of England (1534), was dissolving the monasteries and had, by then, been married three times!

Released in association with Malvern Family History Society, this is the latest fruit of an ongoing collaboration where high-quality transcripts of Parish Records are being made available on TheGenealogist, as well as FHS-Online.

This collaboration is part of an ongoing project where family history societies transcribe records for their areas before they are released on both TheGenealogist and on FHS-Online. The latter website brings together data from various Family History Societies across the UK, while providing a much needed extra source of funds for societies.
