New School and University Registers on TheGenealogist

As children go back to school, [TheGenealogist](#) has just released a diverse batch of school and university records to join its ever growing education collection.

Researchers can use this new data to find ancestors who attended or taught at a variety of Educational establishments between the 1830s and 1930s. Also listed are the names of those who held high office in the institutions, such as the patrons, deans, visitors, professors and masters in the case of universities and the principals and governors in the case of schools.

Use these records to add colour to a family story and glean important information from the biographical details to use in further research.

The list of records included in this release are:

- St. Lawrence College Ramsgate Register, 1879 to 1911
- Upper Canada College Address List 1829-1929
